# DEDICATION

ARMIN G. JAHR

To honor Mr. Jahr, our principal, for his  
friendly attitude and kindly guidance  
during our four years in high  
school, we dedicate this book.

# MEMORIAL

Written words are indeed a poor substitute for the unforgettable memory that Miss Pickering has left as a heritage for us.

Below is an example of one of the many quotations which her plan book contained.

*"To set a lofty example is the richest  
bequest a man can leave behind him."*

## FOREWORD

While in high school we have shared our common experiences in living and learning. If we have succeeded in impressing the worth of these experiences upon subsequent classes and in achieving an expression of our own pleasant hours here, then we shall feel that the purpose of this book has been accomplished.

# GUIDANCE

Left to right: I. W. Church, A. E. Wiggin (deceased), Dr. J. C. MacGregor, D. O. Wentworth, I. W. Smith, A. G. Jahr, G. A. Hansen, H. Stanley, F. Traber, and V. F. Gibson.

## BOARD OF TRUSTEES

The Administration of our public school system in School District Number One, Cascade County, Montana, is under the control of a Board of Trustees, and they are the instruments which the American people have devised for the realization of their ideals and programs.

The members of the Board of Trustees are elected by the people for a term of three years each, and they are responsible to the people for securing the services of the highest type of superintendent, teachers, and other employees, and are also charged with the responsibility to keep inviolate public school funds for the purpose of providing the educational opportunities to which the children are the rightful heirs.

The Board of Trustees is composed of the following members: Mr. I. W. Church, chairman, elected 1931, and 1940; Mr. Howard H. Stanley, vice-chairman, elected 1935; Mr. G. A. Hansen, elected 1936; Dr. J. C. MacGregor, elected 1936; Mr. Fred Traber, elected 1926; Mr. A. E. Wiggin, elected 1936; Mr. D. O. Wentworth, elected 1926-1935, and 1938; Mr. V. F. Gibson, clerk and business manager; Mr. I. W. Smith, superintendent of schools.

V. F. GIBSON.

Mr. Wiggin died April 18, 1941. A statement by Mr. I. W. Smith follows:

*"The higher we esteem a man, and the deeper our affection for him, the more devastating becomes our sense of loss when he is summoned to cross the Great Divide. It is thus that we feel about A. E. Wiggin.*

*"Our only consolation comes from knowing that humanity is the better for his having lived and that we have had the privilege of knowing him."*

## SUPERINTENDENT OF SCHOOLS

I. W. SMITH

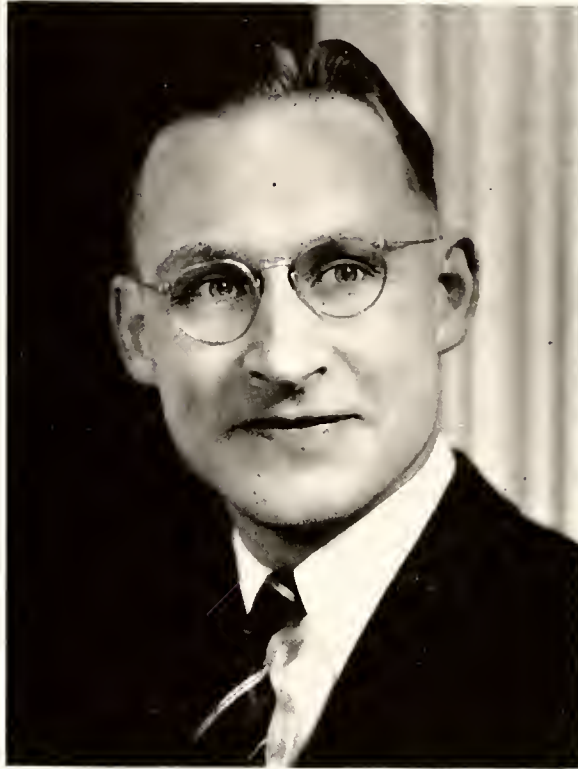

In calm weather no one has any great objection if a good swimmer, alone in a row-boat, experiments with the stability of his little craft. But in stormy weather, especially if there be a group of children aboard, no sane person should rock the boat.

This is mighty stormy weather for those who are trying to live together in the democratic way. Our ways of doing, our institutions, our ideals, even our national life, are under fire and definitely on the defensive. Rights and privileges guaranteed by our Constitution are being used to destroy the Constitution and the government it sets up. Those rights and privileges are not absolute. With them go duties and responsibilities,—limitations on the use of these rights and privileges. Misuse of constitutional rights is an activity for which there is no room or place in the high schools of this nation. Carping and captious emphasis on the weaknesses, sore spots, short-comings, and failures of democracy is an activity which plays right into the hands of those who hate democracy and all its works.

An activity which should be promoted in these troubled days is the emphasizing of those things that are good and commendable and even precious in our nation and in our national life,—the strengths, the advantages, the superiorities, and the successes of democracy.

Naturally, no human institution ever has been perfect or ever will be perfect. But that fact should not blind us to the great advantages our ideals of government possess. There are few more important activities which any high school can undertake today than to inculcate in young people a militant love for the ideals of democracy.

### SCHOOL LIFE

School Life? A story or a venture;  
A molding place for youth;  
A gay experience, full of censure;  
A place in which to seek the truth;  
A grinding task; a social whirl;  
A climb; a slide down hill;  
A constant striving for a pearl  
A fad; another frill.

A rendezvous with direction;  
A playground full of fun;  
With many, to clear misconceptions;  
With others, something worthwhile done;  
What's school life? To revive traditions;  
G. F. or Roundup Day;  
The junior prom; the school editions;  
The college days in May.

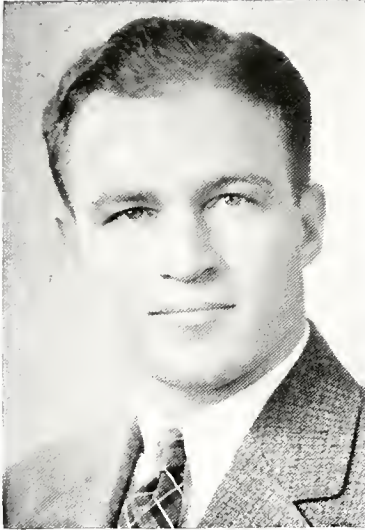

"To work and love the work we do;  
To enjoy a game that's square;  
To grin a bit when feeling blue;  
With friends our many joys to share;  
To smile, though games be lost or won;  
To earn our daily bread."  
And when at last the year is done  
To fear no trail to tread.

Salute the class of '41;  
Captains, Prexys and Lee,  
A class whose lives are well begun;  
As sturdy as the finest tree.  
What's school life? To love the things you  
leave;  
The clock left on the wall;  
Your leadership we must retrieve,  
You ever haunt our hall.

A. G. JAHR.

## VICE-PRINCIPAL

MR. LEO SMITH

A friendly smile and a cheerful greeting have won our vice-principal many friends among the student body and faculty members.

He directs the vocational guidance classes and has helped many students obtain employment. His helpful advice is sought and given freely, and he will always be remembered for the fine work of his Patrol Squad.

The work of a disciplinarian in a school of this size is ordinarily a thankless task, but Mr. Smith has managed to give out detention and retain the good will and friendship of the students as well. They realize that he is interested in them and their problems and always find his suggestions helpful. It is probably his understanding attitude, more than any other factor, that makes him so popular.

## DEAN OF WOMEN

MISS MAYME MURCHIE

As dean of women, Miss Murchie has won a place in every girl's heart. Guided by her unbiased and sound judgment, she has done much for the girls of our school by befriending them, finding outside employment, and offering her friendly advice.

Miss Murchie lessens the burden of office duties through her executive ability and coolness in handling difficult situations. As a highly respected member of the faculty, she is a distinct asset to the school and has performed her numerous duties admirably. Along with her many official duties, Miss Murchie teaches a mathematics class and sponsors the Knitting Club.

Not many schools in Montana are so fortunate as to have a dean of women, and we are favored by having such a capable leader for girls' activities.

## SENIOR SPONSORS

We feel that we owe much of our class' success to our able and efficient sponsors, Mrs. Parsons and Mr. Parker.

Mrs. Parsons has spent many hours working and planning for the success of the class of '41. Her patient guidance has been a constant source of inspiration to the students, and she has the happy capacity for making friends among the student body. We shall always remember her for her ability to make things that were good, just a little bit better. We hope our friendship will continue to grow after graduation.

MRS. PARSONS

Vitality and ability have made Mr. Parker a prominent leader in school affairs. Besides his work with the class of '41, he sponsored the Scriveners' Club which published the "Jack Pot." His willing cooperation with the students was one of the most important factors which made the Junior Prom a grand success. He has done a great deal for our school and we were sorry to lose him when he was called to the Army.

With the departure of Mr. Parker, Mr. Savage assumed the duties of co-sponsor, and we were extremely glad to secure his helpful guidance.

The Great Falls chapter of the National Honor Society received its charter May 14, 1924. There were 25 charter members. Since that time 668 members have been elected of whom about two-thirds have gone to college.

The National Honor Society is the largest interscholastic organization in the United States, probably. To be elected to membership in this organization is one of the highest distinctions which a high school student can attain since it means that those selected have reached most nearly the objectives for which a high school exists. Members are selected by the faculty on the basis of service, character, leadership, and scholarship. National rules require the selection to be made from those who rank in the upper third of the class in scholarship. Only fifteen per cent of any class may be selected. Five per cent may be chosen at the close of the junior year and the ten per cent are elected in the senior year.

The National Honor Society is an attempt to recognize the student who has made good socially and morally as well as intellectually. Its purpose is "To create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character." The emblem of the society is the Keystone and flaming torch. At its base, the Keystone bears the letters S. L. C. and S. which stand for the cardinal principles of the organization. The flaming torch is symbolic of the purpose of the society "To bear forward the light of truth . . . and to lead that others may follow."

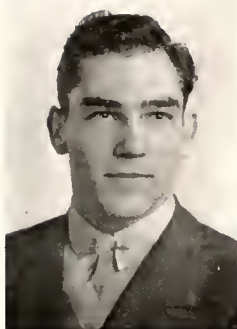

The ten per cent elected from the senior year were not chosen when The Roundup went to press.

As the first class under Mr. Jahr's guidance an entire four years, we, the seniors of '41, have willingly accepted and carried out the responsibilities which a democratic school places upon its students. In all activities about the school we have participated whole-heartedly.

Although we spent half of our freshman day in the junior high school building, we helped to further high school activities by building the G. F. on Hill 57, its present location. In our junior year, we gave the most profitable Junior Prom ever held in the history of our school, and our Senior Ball had the distinction of being more elaborate than any previous one.

In our senior year, the first girl president of the Student Association in the history of the Great Falls High School was elected from our class. Along with this honor, the girls have received many high positions: The Roundup editor, both Iniwa editors, and three of our class officers were senior girls.

As a farewell gesture, the Senior Class of 1941 left the school a much needed three-faced clock for the second floor hall. This presentation was made while we were still in school so that we, too, could enjoy it instead of leaving the pleasure only to students of the future.

The junior class of 1942 honored the departing seniors by giving the Junior Prom, the outstanding formal dance of the school year. Shirley Greely and Jane Etterer, juniors, won first place in the Roundup salesmen contest. Members of the class participated in other school activities such as debating, dramatics, musical organizations, and sports.

The people listed on the following pages in the junior section are those who had fewer than twelve credits in September, 1940. This list was prepared from the office files.

The largest representation in the drum corps and pep club is held by the sophomore class of 1943. The sophomores were also active in other clubs, the band, choruses, football, and basketball. True to tradition, the class of "43" had a concession at the Booster Carnival, and a large group to participate in the Roundup Day parade.

The people listed on the following pages in the sophomore section are those who had fewer than eight credits in September, 1940. This list was prepared from the office files.

The two traditional activities of the freshmen class of 1944 were the painting of the G. F. on Hill 57, and the sponsoring of the Fish Pond, which was conducted during the Booster Carnival. The Student Association showed its appreciation for the painting of the G. F. by giving the freshmen a dance.

The people listed on the following pages in the freshmen section are those who had fewer than four credits in September, 1940. This list was prepared from the office files.

## 1940 FOOTBALL

What a season! From the first practice day to the final game, it was one continuous story of upsets. Game after game was won in the last few minutes by queer strokes of luck. This was the year we became the only team ever to beat Butte for three successive years; this was the year we became Northern Division Champions; this was the year we tied with Butte and Billings for the Montana State Championship.

As we look back on such a season, we remember last-minute plays, unusual games, spectacular runs . . .

It's the Anaconda game! The first play is in progress! A guard suddenly appears, receives a lateral, and with surprising speed leaves the rest of the field behind. He dashes across the goal for our first score only a few seconds after the game has begun.

We're behind! Billings has driven us back to our own 20-yard line. Unexpectedly a Bison back charges through the scrimmage. He's in the open! Eighty yards, and another six points are chalked up in the Bisons' favor.

Rest while the band plays.

They battle the Bobkittens gallantly.

others donned their equipment.

They start off to battle by bus.

After receiving their instructions (from Mr. Hodges)—

## SEASON

The scores are tied! Only a few precious seconds remain in the Bobkitten game. A charging line-man twists, snatches a lateral! Blockers are in front of him! The final gun sounds. He flashes over the white goal stripe! The winning touchdown has been scored.

It's a playoff! This final test of strength, courage, and skill has come. Without warning an end jumps into the air, snags a pass and rushes 30 yards for the winning two points of the Helena game.

Time after time games were won or lost by just such breath-taking spectacles. The final result found three first-class teams, Billings, Butte and Great Falls, in a tie-up for the State Championship. The coaches of these teams met in Helena and by drawing lots decided that Great Falls was to play Butte; the loser of this game was to play Billings; then, the winner of this last game was to play the winner of the first game. When the smoke finally cleared away, Butte, a team we had beaten earlier in the season, was the State Champion.

The teams (G. F. and Billings) line up for a play and—

stop for that needed rest.

Great Falls scores, despite Billings' opposition.

Billings and Great Falls ready to go.

The "Ole" Goat

That "Ole Goat" is ours again!

After a season of breath-taking games, which had the spectators on their feet continually, the Goat once again resides in our trophy-case. This Goat was taken from our traditional basketball rivals, Havre, in a three game series, of which we won two.

This season was marked by exceptionally hard fought games. Let's recall a few "close ones".

It's the second Havre game. Our team has been leading all evening by a slight margin. Only a few minutes to go! Can we hold that lead? Havre's coming up! Come on, team! There goes the buzzer! We have won—by one point, 35-34.

Wardien, Young, Arneson, Skifton, Cramer, Safransky, Scharrer

During the half, the Drum Corps performs.

Butte Central loses the ball.

It's our first game with Missoula—Missoula, the conference leaders. We're out-playing them! Come on, Great Falls! There goes the buzzer! Yea, team! Although they said we couldn't, we've beaten them, 33-22.

That Helena team certainly looks good tonight in our second game with them. Drag 'em, Bisons! Keep ahead! Hold that margin! It's a tie and only a few seconds to go! That man in the center of the floor is going to shoot. Make it! It's good! There goes the buzzer! We've won, 35-33!

Game after game was won or lost by just such close scores. Although we had a very small team as compared to the young giants we played, as our nick-name "The Midgets" implied, we ate nobody's dust. Our "Midgets," even though we lost some of our best players through injuries during the season, played some of the trickiest, fastest, and most thrilling basketball ever seen in a single season.

### TRACK SEASON 1940

With a nucleus of four point-winners from the 1939 squad, Coaches Horn, Crouch, and Stansberry began the training of the track team for 1940. One hundred and five boys turned out at the start of the season.

On April 19, the track team, consisting of twenty men, traveled to their first outside meet, at Helena. There we lost to Helena by the narrow margin of one-half a point.

An invitational meet was held here April 26. Great Falls led the eleven other teams, and finished 67 points ahead of Havre, the second-place winner.

A second track meet, held at Helena, May 4, found Great Falls the winner with a score of 45 points. Logan Rogers established a new meet record in the high hurdles.

Ten boys were picked to attend the state track meet in Missoula. Great Falls placed fourth.

Don Bonahoom distinguished himself by hurling the javelin 195 feet 11½ inches, very close to the state record, and exceeded in 1940 by only one other high school athlete in the United States.

### TENNIS AND GOLF 1940

As The Roundup goes to press, Kennard, Cory, P. Cladouhos, Gouge, and R. Cladouhos remain in the elimination tournament to determine who shall represent Great Falls at the Missoula meet this spring.

Last year Eugene Bottomly won the school championship. Margaret Severance and Charles Lane were runners-up, and these three comprised the 1940 team that went to Missoula.

Bill Hill, Frank Lankey, and Jean Jack went to Missoula to represent Great Falls in golf.

### SKIING 1940-41

After a stiff series of competitive races, George Savage, Dick Voorhees, Frank Steel, *George Babbe*, and Jim Setterstedt emerged with the highest averages and won the right to represent Great Falls in the annual state ski meet at Bozeman. Competing there against 56 others from Butte, Whitefish, Missoula, Helena, and Anaconda, Great Falls took fifth place. Later George Savage was chosen to go to Sun Valley, Idaho, as a member of the All-Montana Ski Team.

Bob Ballowe  
Handball Champion

*Best Luck  
Bob*

The intramural sports program has become an integral part of our school life. It has some activity going on during every season of the year. Sports include touchball in the autumn, basketball, handball, hockey, bowling in the winter, and baseball in the spring. There is keen rivalry and a sportsman-like competition that develops a sense of fair play among the students.

Two leagues were organized this winter in basketball. The teams in these leagues worked diligently for three months to gain perfection in their playing. Four teams were then chosen from each league to compete in the finals. The schedule was arranged so that each team played every team at least once during the season. The Beavers were champions in the Class B League, and the Wrecks in the Class C League.

Forty-firsts, left to right: Skovron, Janetski, Keefe, Black, Ballard.

## INTRAMURAL

Beavers, top row, left to right: Bauer, Talcott, Black.  
Bottom row: Durkin, MacRae, Maguire.  
Not Pictured: Pahl, Boetcher, Lohe, Ogie.

The Bowling League conducted a three-months' contest. The Forty-firsts were victorious in the final game played with the Louies. Bill Polich rolled the high single game of 267 points; Rudy Sharrar rolled the high series of 629 points. Competition among the teams was very keen as a result of the large number of participants.

This year handball was featured for the first time in the field of intramural sports. The enthusiasm inspired industrious practice on the part of those boys interested in this sport. Even though handball is a new sport in the high school, the season was highly successful, with Bob Ballowe becoming champion.

Another newcomer to the field of intramural sports this year was the hockey league. The alumni have had hockey teams, and so much interest sprang up in their games, that hockey was accepted as an intramural sport out of popular demand. From the teams which competed for the championship, the Gladiators were victorious.

## GIRLS' ATHLETICS

This year the girls' athletics were divided into three main divisions: badminton, volleyball, and basketball. In each of these sports, tournaments were held at various times throughout the year to determine the champions.

The badminton tournament which commenced late in February attracted more participants than any other such contest in previous years. Games were played every Wednesday over a period of five weeks. On the second of April, the top nine girls were named for the final play-off. These girls were Pauline Kimmerle, Lorraine Fluegel, Norma Mericle, Diana McNair, Barbara Frey, Janie McClure, Henrietta Meisel, and Irva June Owings.

## GIRLS' ATHLETICS

After a final game in which Pauline Kimmerle played Lorraine Fluegel, Pauline Kimmerle was crowned the champion of the girls' badminton for this season.

In the volleyball tournament twelve teams were registered. These teams were divided into two leagues, and the two champion teams of each league went onto the finals. In league I, the Sharpshooters and the Pugnacious Kids were the winners; in league II, the winners were the Glamour Girls and the Dittos. In the semi-finals the Dittos defeated the Glamour Girls, but later this order was reversed. As a result the Sharpshooters became the school champions, while the Pugnacious Kids were second; the Glamour Girls, third; and the Dittos, fourth.

Volleyball Champions, top row, left to right: Shanahan, Mericle, Stanger, Kimmerle, Kalsrud.  
Bottom row: L. Roe, M. Roe, Bertsch.

Two leagues were formed in the basketball tourney, one league being made up of freshmen, and the other league of upper-classmen. A round robin schedule was played, the two high teams of each league being participants in the finals. From the upper-classmen came the Sharpshooters and the Enigmas, and from the freshmen came the Nitros and the Kittens. Medals for first place were awarded to the Sharpshooters by the Great Falls Recreation Association. In second place were the Enigmas, while the Nitros were third and the Kittens, fourth.

In addition to these main sports, mentioned above, several other minor sports contests were held.

Twenty-nine girls turned out for the tennis tournament which consisted of challenge games to be played on the high school courts. Shirley Greely managed this tournament, the champion of which has not been announced yet.

With the coming of spring and warm weather the girls turn to softball. This year six teams, the Blanks, Reds, Vampires, Questions, Sluggers, and the Pugnacious Kids, were entered. As yet the teams have not played enough games for the winners to be selected.

Iniwa, the Indian word for Bison, is the name of the weekly newspaper of the Great Falls high school. With a circulation of 1700, the Iniwa has twenty-eight issues published during the year.

Members of the staff are selected by the sponsor from the students who have completed one semester of journalism instruction. There is a new staff each semester, with the exception of the business manager and the assistant who are appointed by, and work with, the faculty treasurer, Miss Henry.

Iniwa letter awards are given to the editors of each semester and the business manager. The annual extemporaneous writing contest is sponsored by the Iniwa.

At the end of the year, a picnic is held by the staffs to complete a year of work and fun.

Planning and organizing the material is but a small part of the enormous task of editing *The Roundup*. Everyone must cooperate willingly, pasting pictures, preparing the dummy, writing many of the articles, and collecting information.

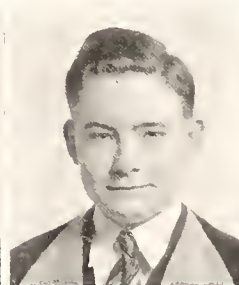

The *Roundup* staff gained not only technical experience individually but also that highly prized essential of cooperation as a group.

Much of the credit of making *The Roundup* a success goes to the sponsors who so freely gave the necessary guidance.

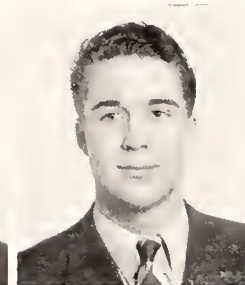

The staff is grateful to the various clubs and organizations of the school whose assistance has proved invaluable to the production of a good annual.

The Booster Club came into existence at the suggestion of a coach who was saddened by the chronic, anemic condition of the athletic treasury. He suggested that a club be formed to profit from the by-products of the games. Miss Anne Houliston took up his idea and has been the club sponsor since that time. In the fall of 1924 the cry of the Boosters was first heard. The proceeds from the sale of hot dogs, candy, and coffee, has always been used to further athletics.

This year the Boosters gave \$1,000.00 for a new score board in the stadium and gave some money to the band and also bought some new fixtures for the lighting of the gymnasium.

The activities of the club, other than that of selling at the games, are the Booster Ball held at Christmas time in honor of the home-coming college students, and the annual Booster Carnival in which all clubs and organized classes may participate. The Boosters pay all expenses up to the amount taken in and divide the profits on a fifty per cent basis.

The closing event of an active year is the group picnic. This social affair is not paid for from the club profits but is financed by individual members.

Agora was founded at the request of students who found they would enjoy comparing and expressing their views on local and world-wide topics.

The motto of the club is "Light not Heat," which suggests thinking and unity, rather than arguing.

This year besides the discussion of topics, many parties were held and more have been planned for the remainder of the year. The Agora club has been one of the outstanding clubs in the school and promises to be even better next year. The main requirement of the club is to lead a discussion at a meeting with a topic of his or her choosing.

Miss Jeanette Garver is sponsor of the club this year and has been since it was started six years ago. The membership this year was limited by the constitution to thirty persons. Sophomores, juniors, and seniors are eligible for this club. Office elections are held once a semester.

The club sponsors each year the confetti booth at the Booster Carnival. The constitution states that dues be fifteen cents a semester, and ten cents in addition for those who wish to be reinstated after being dropped.

### BOTH SEMESTERS

The G.A.A. was founded in 1937 for the purpose of getting more girls interested in sports. It has grown from a club with a small membership to one of the largest organizations in the school.

Participation in such sports as volleyball, basketball, badminton, shuffleboard, ping-pong, tennis, softball, and hiking is encouraged by this organization. Each sport has a manager appointed to see that every sport has a successful tournament sometime during the year.

The accumulative point system is used, both in gaining entrance to the association, and in earning awards. Each hour spent in participation in team or individual sports earns a number of points. Membership and a pin are given for 100 points, a numeral for 350 points, a monogram for 875 points, and a letter for 1400 points.

Interest in sports other than those featured by school activities is the main function of the high school Lettermen's Club. This year a hockey team in the Recreation League was sponsored by the club. Other activities included two after-game dances held during the basketball season, two booths at the Booster Carnival—the Free Throw and the Boxing and Wrestling Arena, and a picnic held in the latter part of the spring to which the Lettermen and their invited guests attended.

Forty boys made up the membership of the club this year. Membership to the club comes through the awarding of a letter in one of the three major sports of the school—football, basketball, and track. Five boys had the honor of being in this club for three years, having won a major award in football when they were sophomores. They are Bob Heximer, Jim Talcott, Joe Thiebes, Tom Black, and Dave Fox.

The Lettermen's Club was first organized in 1931 by Mr. Frank Jordan, who at that time was coach of athletics. It was a social group but the members participated in a varied sports program. At present the club has as its sponsor Coach T. E. Hodges. Meetings were held during the year only as desired, such as when a social function or business of the club was to be discussed.

## HOUSE DIVISION

In 1929 a club was organized at the old high school building on Central Avenue for the purpose of taking care of the staging and ushering for high school productions. This club was called the Tormentors' Club. They provided the staging and ushering for a number of years but were finally divided into two groups having different memberships and different duties.

One group assumed control of the stage and the building of necessary stage equipment, and was called the Stage Division. It later was abandoned in favor of the present class in Stagecraft. The other group assumed the duties of ushering and reserving seats and was called the House Division which appellation it still retains. In recent years members of this club have had charge of the ushering in the reserve seat section at the football games.

This club has no officers and holds no regular meetings. Its membership numbers approximately forty and it has numerous requests for membership which must be denied because of numbers.

The House Division has regularly sponsored a concession at the Booster Carnival, and since there are no dues in the club, the proceeds from such concession are used to defray the club expenses. In 1940 the members held a picnic at Big Falls.

Mr. Patton and Mr. Bergren sponsor the House Division.

The club has offered its help to other groups in school which have requested their aid and indirectly it has aided all of the departments. During its two years of service the Pep Club has developed into a group which is now a vital part of school life.

The Ski Club was organized three years ago by Mr. Sid Bachelder. The organization is affiliated with the senior ski club of Great Falls and some activities are carried on jointly. Membership in this club entitles members to reduced prices on the ski lifts at King's Hill.

The Ski Club sends a ski team each year to the state meet. This is financed through the collection of dues and by running the lift on King's Hill for a few Sundays. This year's team, composed of Frank Steel, George Savage, Georg Babbe, Richard Voorhees, and Jim Setterstedt, came in fifth at the tournament in Bozeman.

George Savage, a newcomer to our club, was the star of the year taking first place in both slalom and downhill races at the Bozeman tournament. He traveled to Sun Valley as a Montana representative at the Western States Ski Tournament.

After Mr. Bofito left, the club was without a sponsor, and existed through the democratic system of its members.

Organized since February 15, 1923, the Great Falls High School Home Economics Club has been active since that time. The membership of this year's club was twenty girls and three sponsors.

To give the members happy hours to remember and to help each girl improve herself is the primary purpose of the organization.

This February, the club celebrated its eighteenth birthday with a party. The birthday cake was presented by the sponsors and the new members furnished and served the rest of the refreshments.

Each year the club sponsors the Co-Ed Prom, which is the only all-girls party of the school year. For the Booster Carnival the club sold home-made candy and pop corn. At Christmas time there was a party with Santa Claus, a tree, and gifts for all. At the end of the holiday season the club members were entertained at a tea given at the home of the club president, Kathleen Aline, and her mother, Mrs. Aline.

For the project this year the members made yarn belts and hat bands on soda straws, and yarn and match bracelets and necklaces. Part of the programs were given by the club members and part by guest speakers and demonstrators.

The club is a member of the Montana Home Economics Association and thereby affiliated with the American Home Economics Association. The members hope to be of service to their department, school, homes, community, and nation. This year they assisted with the state meeting which was held in Great Falls, March 21 and 22.

The Science Club was organized by Mr. Cyril H. Hancock in the fall of 1939 to diffuse scientific knowledge, to study the world about us, and to keep the members informed of scientific progress.

In the spring of 1939 the club began the excavation of a dinosaur near town. Extensive excavation uncovered part of the remains of this large animal. Further exploration of the site is being planned.

This school year, with an interested membership of twenty-six, many activities were conducted. Regular meetings were held the first and third Thursdays of every month. The club was organized and conducted under a constitution written and sustained by club members; the constitution, modeled after our Federal Constitution, covered all club activities and defined the rights and duties of members and officers.

The club visited the Columbus Hospital, the Electrical Products Consolidated plant, the United States Weather Bureau at the municipal airport, the Montana Flour Mill, the city filtration plant, the Great Falls Brick Company, The Tribune, and the A. C. M. We greatly appreciate the interesting programs prepared for us by representatives of the Montana Power Company and the Mountain States Telephone and Telegraph Company. Other field trips were conducted to places of prime scientific interest.

Social activities included a Christmas party in which members exchanged gifts, after which a luncheon was served. Near the end of the second semester a picnic was held.

The Business Club was organized in 1936 under the sponsorship of Mr. E. G. Reed and Mr. K. W. Erickson. At present there are twenty-three members. The purpose of the club is to get the members better acquainted with modern business practices, and to try to contact the business men down town.

Each year, a day is set aside when the members of the Business Club and others from the commercial department occupy clerical positions at Strain's. A percentage of the day's sales is donated to the school for buying new equipment.

As in past years, the club is striving to attain a better record in its Placement Bureau.

When the club began this year a get-acquainted party was held. The Business Club sponsored two dances this year and also had two concessions at the Booster Carnival. The club has had a theater party, and has gone to the business houses on a field trip. To climax a successful year, the annual Business Club picnic was held.

The Library Club is made up of library assistants of this present semester and those who were assistants last semester, who, due to conflicting schedules, were forced to drop library work. This year there are 20 members.

The purpose of this library group of assistants was to acquaint the girls as much as possible with the library profession. A little about the books, book records, checking in and out of books, recording these books checked out by each student on an individual student card, and learning to work with and for the other students made up a great share of the assignment of a library assistant. The assistants knew where to find books, how to look them up in the catalogue, how to help others use the Reader's Guide and even offer suggestions to the other students as to what they might be interested in reading.

Two or three parties were held during the year which were fun for all.

The A. R. T. Club was organized in the fall of 1937 by Mr. C. H. Conrad. Its purpose is to give students an opportunity to work creatively in the field of art as well as to promote interest in art in the school and in the community.

The membership is limited to twenty-five and is secured by written petition and a majority vote of the club.

Each year the club buys at least one original picture or a good print toward a permanent collection for the school. These pictures are for use in the various classrooms.

For their booth in the Booster Carnival the members design and make their prizes.

In the spring the club sponsored an annual exhibit of work done during the year in the High School Art Department.

This year in addition to the above activities the club presented a Christmas program in conjunction with the Tuesday Music Club. A series of six living pictures from the life of Christ were presented with appropriate music by various musical organizations of the city.

Social meetings form a definite part of the year's activities with various types of parties and picnics appropriate to the season.

In this, the Players Club sixth year of organization, the group has had an active membership of fifty members. Freshmen, who were interested, were invited to join, provided that their interest was sufficient to make them regular and active in attendance. Perhaps a third of the club's membership was from the freshman class.

Regular programs were arranged at the beginning of each semester. An attempt to acquaint each member with the others was made by the introductions given in dialect at the first meeting. Following that, the programs covered a wide range of subjects related to dramatics. Herbert Humphrey talked on elements of dramatics, Bob Hamer directed and presented an Armistice play, Hal Conrad staged a Thanksgiving Day play. At still another meeting, Kenneth Moore discussed stage terms, and Dorothy Storm gave a talk on the Greek theatre. The group provided its own programs with readings in verse, biographical sketches of actors and actresses, and with pantomimes.

Second semester provided the activity of make-up for the Swing Show, Booster Carnival booth, and Roundup Day entertainment. By far the most stimulating of all programs, however, was that of Mrs. Leo Smith's reading review of the "Family Portrait" which she gave in February.

The French Club was organized in November, 1929, by Miss Mary Leaming for the purpose of furthering the interest and study of French. In the summer of 1939 Miss Leaming died, having sponsored the French Club for ten years. The club has erected a memorial to her in the form of a bookcase bearing a plaque with her name. This bookcase is in the school library and contains French books which belonged to Miss Leaming. The club plans to add to the collection regularly to form a French library.

There are forty active members and nine honorary members. The meetings include business, a program with a French motif, and refreshments.

This year the French Club sponsored the Second Annual Sadie Hawkins Dance to which the girls date the boys. They gave an assembly in the form of a skit with members taking part. They also sponsored the fortune telling booth at the Booster Carnival, and a float in the Roundup Day Parade. The year's activities were brought to a close with a French peasant picnic.

The student Pan-American League was first organized under the sponsorship of Miss Beulah Limpus in the second-year Spanish classes in the fall of 1939. Meetings were held throughout that year during the class periods once a month. In September, 1940, the club organized, adopted a constitution, and, with thirty-five active members, met twice every month.

The purpose of the club is to increase interest in and knowledge of the life and culture of the Latin American countries, and thus to help promote inter-American understanding and an All-American Spirit. It also aims to provide additional opportunity for speaking and hearing the Spanish language.

The motto chosen by the club is significant of the purpose back of its organization: "En la union esta la fuerza"—"In union is strength." Likewise the club pin is symbolical. It shows North and South America surrounded by a chain of twenty-one links, each link representing one of the twenty-one countries comprising the Pan-American Union.

A portion of each program is given in Spanish. Mexico was studied during the first semester, when the customs, sports and amusements, and history of the country were discussed. During the second semester the countries of South America were studied, and a playlet in Spanish was given. The club entered a float in the Roundup Day parade and concluded its year's program with a picnic.

### BOTH SEMESTERS

This was the twenty-seventh year for the Senate in the Great Falls High School. This club has the distinction of being the oldest club in the school. It is, primarily, a debating club; various phases of speech are also discussed and practiced.

The Senate was founded in 1914 by a group of boys interested in speech and debate. The club has continued its activities with the same purpose in mind. Most of the former members have gone on after their graduation and have become very prominent and respected citizens of the communities in which they have taken up residence.

The widely diversified activities of the Senate included the initiation of new members in the fall of the year when a party was held at the Y. M. C. A. The first dance of the year is also sponsored by the Senate. Following an old custom, the Senate and Forum gave a joint banquet. This was held in the banquet room at the Paris. Every year this club conducts a very successful "Hades" at the Booster Carnival.

Mr. Rowe is now the new sponsor of the club. This was his first year with the Senate; he was very interested in furthering the ideals of the club and promoting debate and public speaking.

The Forum was founded by Miss Mayme Murchie in 1920, for the purpose of further developing public speaking and debating. It has the distinction of being the second oldest club in the Great Falls High School.

The Forum sponsors the Extemporaneous Speaking contest, in which any student is eligible to enter. This contest is of major importance among school activities, and medals are given by the Forum as awards. The first place winner is entered in the all-state contest at Bozeman during High School Week.

The many activities of the Forum this year included the sponsoring of the Information booth at the M. E. A. convention. New members were initiated in the fall at a splash party given at the Y. M. C. A. Following tradition, the annual Senate-Forum banquet and picnic were held. The Forum had a booth at the Booster Carnival and a float on Roundup Day. The year was climaxed with the annual Forum picnic.

The public very often measures the efficiency of an office by the way they are greeted from behind the counter or over the telephone. With this thought in mind our High School Office Duty girls are trained daily. Besides "regular" duties of checking attendance, filing, and running errands, they must constantly make contacts with the faculty members, students, and the general public. They must know how to intelligently and pleasantly answer numerous questions placed before them during the hour they spend in the office each day. Alertness and initiative are essential qualities to acquire; for at times there is no one at hand to instruct in detail. Above all, they must learn loyalty—to hold in confidence that which should be kept so. For all her efforts the O. D. receives one-half credit a year. She also gains confidence in her ability, poise, and a graciousness of manner which is pleasing to others. These girls are not mere "messengers" as one may mistakenly think. They are creators presenting impressions for the public to view. This they have been for twelve years. We hope in each year to come that they shall be more proficient in the task.

Office duty is open to all girls of the school, but preferably to members of the junior and the senior classes. The girls are chosen by personal application or by registering for the work the same as for any regular class work.

## CUSTODIANS

It is the duty of thirteen janitors and one janitress to see that our school is always kept orderly. Mr. Servoss, the chief engineer of our school, is in charge of the janitor force. Each member is assigned specific duties. Mr. Bulmer, Mr. Shanahan, and Mr. Elmore are firemen while Morris Anderson and Mr. Winn have charge of classrooms. Mr. Renning takes care of the gymnasium. Mr. Grover, R. B. Anderson, and Mr. Randall are extra men who work all over the building wherever needed. Mr. Swift has charge of the corridors, and it is not unusual to see him carrying textbooks from room to room. Mrs. Day, the janitress, is in charge of the girls' gymnasium.

We, the students of the Great Falls High School, owe much to the janitor force for maintaining a wonderful school such as ours.

## EXTEMPORANEOUS WRITING

Georg Babbe

Sponsored by the Journalism Club under the supervision of Mr. Struckman, the extemporaneous writing contest this year had over 100 contestants. Student contestants were allowed two hours to write and could not talk to anyone or consult a reference or dictionary. Students could write on any one of several given topics.

Georg Babbe was selected senior class winner and all-school winner. Other winners were Sam Sizer, Phyllis Lindholm, Bud Arbanas, and Evelyn C. Johnson, seniors; Carl Kimball, Tom Busha, and Georgia Mallas, juniors; Don Slager, Eldah Whalen, and Doris Gilchrist, sophomores; and Clark McKee, Bob Raymond, and Cal Hoiland, freshmen. The four high senior winners and the junior winner wrote in the state contest.

Excerpts from Georg Babbe's prize-winning essay, "Who Thinks Up Women's Hats?" follow:

"To attack the question in a purely scientific manner, we had better define the term 'hat.' In modern usage the word 'hat' in connection with female head-gear has come to mean any collection of bric-a-brac, placed on or about the head, which does not resemble in any way, shape or form, or fulfill any of the accepted functions, of the same, or male, hat. Since recognized authorities . . . are agreed on this point, let us go with no further ado into the problem of the mental activity connected with the design, or if you prefer, invention of the modern hat. . . .

"But though women's hats are essentially the same, what a different method of designing them! Of course, men make the best hat designers (even men will admit that) but not an ordinary man, with no training, can dream up a satisfactory concoction for today's lady. For specialization has reached the ranks of the hat-makers even more than in the automobile industry. . . .

"The race of super-men that has sprung up must go through a long and exacting training period. A typical hat designer must be taken from his parents before they can instill any rational ideas in his makeup. His early training, in the hands of experts, consists of being taught that 2 plus 2 equals 5, and that you can divide oranges by apple pies. From there, they go to learn that a straight line is the most detestable distance between two points—unless, of course, you can do away with one of the points. . . .

"So when we stand aghast at some new creation reputed to be a hat, we must turn to the head men of the hat industry, who have spent their lives in preparation for dreaming up just such bird-cage arrangements. Remember that a strong man, with a weak stomach and a tendency to dream too much, thought it up. Milliners of the world, our hats are off to you!"

## EXTEMPORANEOUS SPEAKING

Left to right: Thomas Busha, Elona Arkell, Wilson Nicoll, Miss Cooney, Georg Babbe, Joan Sauer, Leo Graybill.

Members of the speech classes and the debate squad appeared each week on the radio broadcasts sponsored by the Columbia Broadcasting System over Station KFB, in a program known as "Columbia School of the Air." Programs of local, national, and international character such as: "Pan-Americanism," "Hemisphere Defense," "Housing America," "Schools for All," and "The American Way," were broadcast in round-table discussions. For a half an hour a discussion was broadcast over the Columbia Network, which was followed by the local discussion on the same subject. Six to eight students participated, and a chairman was chosen from their group.

The students were also active in appearing before civic organizations and P.-T. A. groups.

There was a great deal of interest this year in oratory. A contest was held in original oratory to determine who would represent the high school in the American Legion Contest. The subject was "The Constitution, a Guarantee of Human Rights." In the local contest, Leo Graybill took first place, Wilson Nicoll placed second, and Kathleen Cogley, third. Leo Graybill won first place in the district, the regional, and the state contests, and represented Montana in a contest of the western states at Cheyenne, Wyoming.

The N. F. L. is an honorary speech society which has for its objective the encouragement of speech activities. These activities include debate, original oratory, oratorical declamation, extemporaneous speaking, humorous declamation, and dramatic declamation. Membership is limited to those who are active in speech work and have debated in at least five interscholastic debates or its equivalent in the other activities.

A key is awarded to each member. The jewel in the key denotes the degree. Three of the debaters this year earned the degree of distinction, the highest award that is made. Those honored were Leo Graybill, Wilson Nicoll, and Georg Babbe.

For the first time the Great Falls chapter sent representatives from the local organization to compete in the national high school speech tournament contest sponsored by the National Forensic League. This tournament was held at Lexington, Kentucky, the last week in April. Wilson Nicoll and Leo Graybill participated in the contest. Miss Cooney accompanied them.

## DEBATE SQUAD

The Great Falls debaters were winners of district 3 tournament. It is the largest district in the state. The squad won every debate in which they participated. They were awarded a plaque by the State Debate League. Members of the squad were eligible to attend the State Tournament held in Missoula during Track Meet.

The Great Falls squad was host to several practice tournaments held throughout the year. Schools represented were Havre, Lewistown, Saint Mary's of Great Falls, Fort Shaw, Belt, Stanford, Cut Bank, and Conrad.

Leo Graybill and Wilson Nicoll debated before the Saint Mary's high school in an exhibition debate. They also debated with the Belt team in the Belt high school.

A practice tournament was held in Missoula during December. Accompanied by Miss Cooney, Leo Graybill, Wilson Nicoll, Bob Hoffman, Georg Babbe, and Tom Busha made the trip to Missoula. No decisions were made on the debates given in the tournament.

Students also made a trip to Lewistown, where a practice tournament was held. At the tournament, schools of this district met and debated with the schools of the eastern district. The students who took part were Leo Graybill, Wilson Nicoll, Donna Simmons, and Bob Hoffman.

The orchestra opened the musical season this year when the entire group performed at the M. E. A. Convention late in October. This was followed by a traditional free Sunday afternoon concert given by the combined orchestra and chorus early in November.

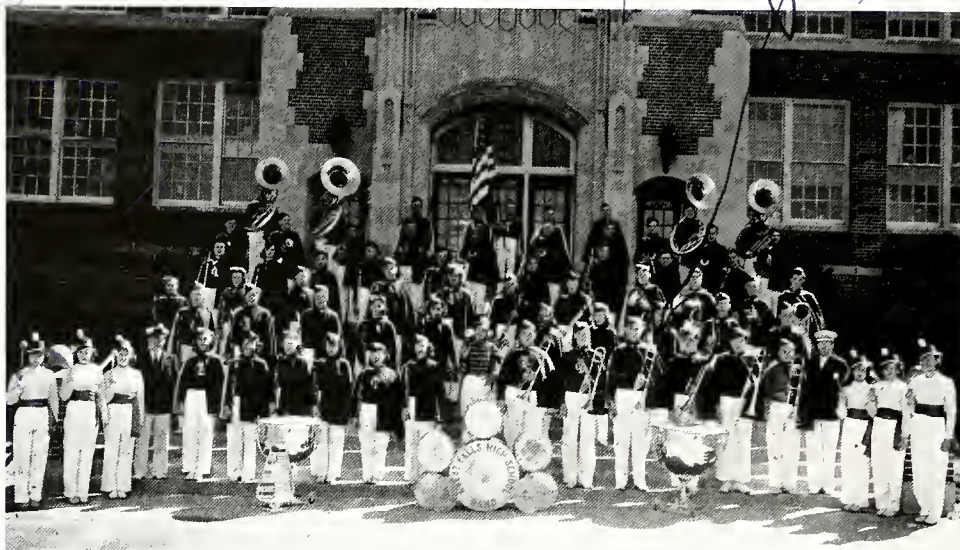

Christmas time was a busy season for the music department with their presentation of the "Messiah" which was so outstanding that plans have been made to repeat it annually. Christmas carols were sung by the Advanced Girls' and Advanced Mixed A Cappella choirs in the school halls and over the radio.

The A Cappella choirs and the Little Symphony presented a program for the Tuesday Music Club, and the Little Symphony provided the music for all the high school plays.

The orchestra was highly complimented by the invitation received from the Northwest Music Educators Conference held in Spokane and made the trip from March 29 to April 1. A successful benefit concert by the orchestra and A Cappella Choirs was held in March to help finance this trip. This is the first time a Great Falls high school orchestra has played outside the state.

The GFHS band provided much of the pep, enthusiasm, and color which is so outstanding at all our football games, basketball games, and Roundup Day activities. It added not only to school activities but also to many civic affairs—such as parades, Memorial Day Ceremonies, and farewell demonstrations to the National Guard.

This year the band and the whole community lost the services of a great leader and friend, Mr. Richards, when he retired as director of the band. As the founder of the first high school band in Great Falls, he built up this organization until it has become known as the finest military band in the state. At Mr. Richards' retirement, Mr. Barr kindly took over the band, directing it at the State Basketball Tournament, the Music Festival at Havre, the annual spring concert, and at several other performances.

Three trips were taken by the band this year—to football games at Butte and Anaconda and to the Music Festival at Havre.

## AMERICA "SWINGS"

The parade of American music was the feature of the swing show presented by the Great Falls high school music department. Beginning with a medley of Stephen Foster songs combined with barbershop days and a gay nineties review constituted the first part of the production. The infant jazz, war songs, and a college group introduced the beginning of present day swing.

A large chorus of 200 students, and an orchestra of 50 members, in addition to many novelty dancers made up the cast of one of the largest musical shows ever undertaken by this school.

The setting portrayed the veranda and balconies of a beautiful southern mansion. The audience's attention was centered not only on a main group but also on the balconies where song hits were further portrayed, and on the two large grand pianos toward the back of the stage.

A full house enjoyed the fifty-six familiar tunes, both old and new. Costumes representing each era added much color to the student performance.

Much credit is due the musical directors, E. Lawrence Barr and Dorothea Skeel; technical director, C. M. Peck; dramatics directors, Catherine Rathman and M. Price Rigby; and dance director, Carol Doherty. Publicity and finances were handled by R. T. Struckman and Karl Erickson. Aiding the faculty staff were several student committees.

America "Swings" was presented to the students on March 10, and to an adult audience on March 11.

"You Can't Take It With You," a 3-act play by Moss Hart and George S. Kaufman, was presented December 14 by the dramatics class under the direction of Miss Evelyn Clinton. A matinee and an evening performance were given. Several of the leading parts were taken by different persons in the afternoon.

Stage settings were constructed by the stagecraft classes under the supervision of Mr. Peck.

Music between scenes was furnished by the Little Symphony orchestra under the direction of E. Lawrence Barr.

The action in the play focuses on the Martin Vanderhof residence in New York, where the lives of the carefree Vanderhof family and their friends and relations are portrayed. Grandpa Vanderhof is the main character, and in his dealings with his family and outside interruptions, he expresses his philosophy that "You can't take it with you." His granddaughter and the son of an ultra-respectable New York family furnish the love interest.

Characters ranged all the way from a Russian ballet teacher to an irresponsible pair of firework addicts.

"The Warrior's Husband"—a lady warrior? Amazons, yes. You've heard the legend of those super-women who threatened the Greeks' martial standing. Mr. Erskine revived Helen of Troy in our own idiom; so did Julian Thompson in this senior play.

Great Hercules—Bill Rudolph—fabulous in strength, was only a scaredy-cat. His stand-in was Theseus, a one-man brain storm, but even he was outwitted by a kiss. That's the crux of it. Of course; the Amazon queen—Virginia Wolfe—and her sister Elinor Hoppin would have preferred driving the Greeks into the Pontine Sea and be done with them, but the Greeks were good psychologists. With Homeric Demos Demopoulos reporting details, and dressing them up, they contrived to undermine the Amazon belief in the divine powers of women.

There's always undercover work in an army. Those politicians Mary Jane Simpson, Phyllis Bassett, and particularly Margaret Maberry were responsible for stirring the warriors who had nothing to do but parade and show off.

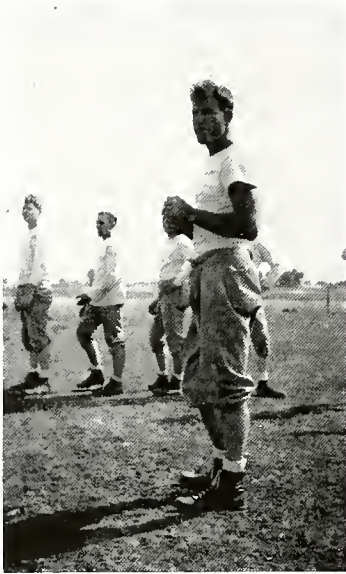

And there's always the unexpected about a war. Who could have foreseen that Achilles Jay Stovall would limp from Hoppin's kicking his heel or that Ajax Gordon Lindner would temporarily lose his javelin record. For that matter who would have imagined that the shy but spirited Antiope Hoppin could ever forgive the tricks of Theseus Babbe, including rehearsal ones, enough to desert to the Greeks.

Maybe it's true: wars are funny 3230 years later!

Decorating for the Prom

## JUNIOR PROM

Centered about a blue and white nautical theme, the annual Junior Prom was held in the high school gymnasium June 1, 1940. Sea gulls, life preservers, and nautical rope helped carry out the theme. More than 5000 balloons formed the sky, and variations of blue and white crepe paper formed waves around the wall.

Ed Pierse's nine-piece Ambassadors orchestra was featured in a bandstand made to represent a ship's deck. Music was broadcast over station KFBB for thirty minutes during the dance.

The committee chairmen were Mary Helen Mathieson, general chairman; Betty Bross, decorations; Clem McKenna, music; Lois Carlson, arrangements; Bob Adoms, business.

## SENIOR BALL

Guests at the Senior Ball, on February first, admired the unusually artistic decorations carried out in a patriotic motif. Silver stars glittered among red and white streamers from the ceiling, and a geometric figure composed of mirrors was suspended from a blue rectangle in the center.

Ed Pierse's nine-piece orchestra played from a tiered bandstand decorated in red, white, and blue.

## ROUNDUP DAY

4.3  
Though the days of the new and wild West are gone, we still try to recapture some of the glamour of those days for our annual Roundup Day. On that day we lay aside our books and cares and return in spirit to a faded past of cowboys, Indians, and adventure. As a basis for the courageous spirit of the people there was one predominating factor—gold! Gold made those days the most colorful and luxurious in the history of the West. Evil and lawlessness flourished as a result, but law enforcing groups soon restored peace and order to the country.

The costumes were as rugged and strong as the people who wore them and many are the tales those old garments could tell about Indian raids and criminal hangings.

The main feature of this year's assembly was the annual costume parade. Two candidates were chosen from each advisory to participate in the review. For each of the best costumes in various groups a prize was given. The opening remarks were made by the editor of The Roundup, Marcia Ann Lee. Traditional speeches were also given by each of the class presidents: Senior, Bob Heximer; Junior, Shirley Greely; Sophomore, Bonnie Miller, and Freshman, Howard Doran. The theme of the program was a house-warming and individual acts were introduced as honor guests. This was the highlight of this year's assembly program.

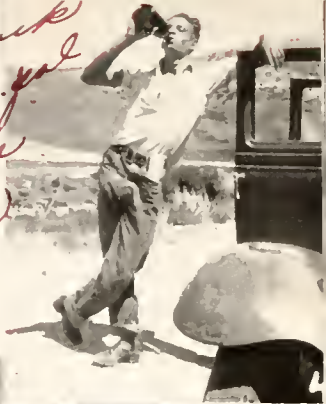

The afternoon parade was well organized and was composed of many floats, marching groups, mounted horses, and many individual stunts. Scenes depicting these early, daring days were featured in the floats sponsored by the high school clubs and classes. Keen competition was the result of each group striving to have the most attractive float. Roundup Day activities this year were presented in honor of the pioneer citizens of Great Falls.

Evening activities began with a bonfire sponsored by the Pep Club. Here songs were sung and a snake dance held. Following this the students went to the gymnasium to attend the dance which culminated the day's activities. The dance was sponsored by the Roundup Staff; all prizes for the day were awarded at that time. The gymnasium was decorated in the western manner and the guests danced to the music of Bob McAllister's Orchestra. The end of the dance marked the close of a very eventful Roundup Day.

The general chairman for the day was Joe Thiebes, his assistant was Frances Flaherty. Other Roundup Day Committee heads were: Chairman of Floats, Delbert Peck; Chairman of Trucks, Jack Halseth; Assembly Chairman, Duane Austin; Dance Committee, Roundup Staff; Class Projects, Margaret Buchman, Jack Baier, John White, and Dave Smith. Publicity was under the direction of Mary Jane West; Costumes, Marie Stablein; Signs, Hal Conrad; Prizes, Mary Helen Mathieson; Traffic, Cecil Cordeiro; and Horses, Marianna McNair and Foster DePue. Faculty chairmen for the day were Mr. Rowe and Miss Hartman.

## APPRECIATION

The Roundup staff takes this means to express its gratitude and sincere appreciation to the businessmen of the city for the fine cooperation and financial support they have given us. In order that a majority of the students can have yearbooks, The Roundup has been obliged, as in past years, to ask monetary aid from the business and professional people of Great Falls. We hope this Roundup merits the sponsorship they have so generously and freely given, and that the advertising they get from their sponsorship will prove profitable.

To the clubs, faculty, and students, who have shown their interest and willingness to help, we wish to extend a warm vote of thanks.
